

Knight Air Compressor- Certificate of Limited Warranty

All component parts on this air compressor package installed by the manufacture are warranted to be free of defect due to workmanship or material defect for a period of one year from the date of sale by the manufacturer. This warranty extends to the original purchaser of the air compressor package only. During the warranty period the purchaser must use only OEM oil and filters produced for Knight Air Compressors to maintain the package warranty.

There are NO other express warranties except those contained in this limited warranty statement.

Covered in the one-year warranty period are defective part(s) due to a material defect in the workmanship of the original part only.

The compressor warranty is void in the case of abuse, lack of proper service, incorrect application, incorrect installation, neglect or ingestion of foreign substances to the compressors moving components.

The standard air compressor system warranty covers the part(s) of the package only for a period of one-year from the date of sale by the manufacture. The warranty for Knight Air Compressor packages does **NOT** cover any labor expense, rental equipment expense, or downtime expense in the replacement of defective parts.

All defective parts are billed when they are shipped out. The bill is credited back once the original part has been sent back to the manufacture for evaluation and a warranty defect has been found.

All parts are sent out via standard ground freight service. Overnight or expedited shipping expenses are the responsibility of the purchaser of the compressor package.

ALWAYS CONTACT MANUFACTURERS TECHNICAL SUPPORT FOR THE FASTEST SOLUTION BEFORE PERFORMING ANY POTENTIAL WARRANTY SERVICE ON THE COMPRESSOR PACKAGE.

Air Compressor Start up sheet must be filled out and sent back to ensure that the compressors' warranty is activated. If any non-OEM warranty parts are used to replace Knight Air Compressor parts, Knight Air Compressor reserves the right to void package warranty.
